SATURDAY, DECEMBER 25, 1869.

PUBLIC MEETING IN RALEIGH.

The good people of Wake are moving for a public meeting to be held in Raleigh at an early day, to express their views in regard to the iniquitous bill before the Legislature for the suspension of the *habeas corpus*.

We have seen gentlemen from several parts of the county who are taking active steps in this direction. The day will be announced as soon as it is agreed on.

Let all the districts of the county move in the matter, and prepare to come up on the day, when appointed, to take part in the deliberations.

THE SENTINEL.

Home says, no man can speak gracefully of himself, and we feel the truthfulness of the assertion; yet we feel, at the close of the year, like saying something of the SENTINEL and of ourself as connected with it, and if it should not be said gracefully, we hope the reader will attribute the failure to the cause alluded to.

It is now a little over a year since we took charge of the SENTINEL, and, during that time, in the language of Junius, we may say, "what public question have we failed to discuss—what rascal have we failed to denounce?"

During the past year, the circulation of the SENTINEL has greatly increased. To one Post Office we now send a hundred papers, where only twenty were sent a year ago; to another we send a hundred and fifty where, then, only thirty were sent; while at almost every Post Office, our list has greatly increased. We have accomplished this by labor and exertion, and a considerable expense.

But our cash book does not show quite so gratifying an exhibit as our subscription books. There are several thousand dollars due us on them, in consequence of which we have sometimes been "hard up" to meet our paper bills and other current expenses. It is necessary to decrease the amount due us on the books, and reduce our operations to the cash system. We have already commenced this work, and must of necessity continue it until we have brought our business within our control. In November we inserted a notice that the red mark would be placed on the papers of those who were in arrears, and if we did not hear from them in a reasonable time, we should take it for granted they did not wish their papers continued. A considerable number failed to respond and their names were accordingly erased from the books. Many of these have renewed, and no doubt others will follow. It is probable that we may have cut off some that we would not have done had we known all the facts in the case, but in a list of thousands of names it is difficult and troublesome to make individual discriminations.

Our advertising patronage has been liberal beyond precedent in this city, for which we are sincerely thankful. But some of our most profitable advertising has not been available in our business. We allude to the insurance advertising, the proceeds from which we have deemed it prudent, owing to the demoralized condition of the times and the warlike demonstrations of Gov. Holden, Treasurer Jenkins, and the Superintendent of Public Works, to appropriate to insurance on our life. But this is a necessary tax on us for speaking the truth of public men and measures.

Few persons are aware of the expense attending the publication of a daily paper. Nine dailies have been attempted in Raleigh since 1860, none of which survive but the SENTINEL and *Standard*, hence the necessity of a prudent and economical management of the business, and especially of an adherence to the cash system.

In our editorial management of the SENTINEL we have frequently found it necessary to be severe in speaking of public men and public measures. We have no apology to make for this; our excuse being that the conduct of the one and enormities of the other have richly merited all we have ever said of them. We shall moderate our tone, and change the temper of our editorials when unprincipled plunderers cease to prey upon the vitals of the State and to insult and oppress her people.

We have reluctantly said this much of ourself and our paper. To those of our friends who have assisted us in our business by their counsel, good wishes or material aid in enlarging our circulation, we return our most hearty thanks. And we ask our friends in all parts of the State to use their influence in their various localities to increase our circulation and thus place within the reach of all, information of the acts and doings of those whom the accidents of the times or corrupt management have placed in responsible positions in our good old State.

Animals of high organization and with perfect eyes, have been brought up from the depths of the ocean by Mr. Gwyn Jeffreys, whose interesting report has just been made before the English Royal Society. Not only does an abundance of animal life exist at the lowest depths of the ocean, but there is a greater variety of vegetation at the bottom of the sea than there is upon what we call dry land. The varieties of marine vegetation are not only innumerable, but beautiful almost beyond description.

OUR PEOPLE LEAVING.

While on our way to Concord, a short time since, we saw a number of the citizens of Orange take the train at Durham Station, for Alabama, in all, about twenty-four. This was the work of one man, Person Williams, who left Orange county for Alabama, about thirty years ago; there he worked hard and prospered. Returning to Orange on a visit he persuaded many of the Halls, Glenns, Williamses, his relatives, to return to that State with him. As they have left us, we hope their anticipations of bettering their condition may be realized.

At Company Shops another company of emigrants took the train; at Greensboro' another, and also at High Point. They consisted of whole families—men, women and children.

On enquiring of the conductor, we learned that it was no unusual thing for a train to take as many as a hundred at a time.—Many, we understand, are preparing to leave at an early day.

We would say to the discontented and restless, to unpack their goods and try it here awhile longer. Go to making compost, burn ashes, and prepare to sow clover in February. You can go to no country where the water is purer than in Orange and our other midland counties; where you will live longer or where you will be freer from chills and fevers, or any of the numerous ills that flesh is heir to. When old people, especially, move to a new country, they are sure to be dissatisfied. They will never find any neighbors like the old neighbors, nor any homes like the old home.

For the Sentinel.

RALEIGH, NORTH CAROLINA,
December 18, 1869.

Mr. Editor:—I know there are hundreds of families in the Northern, Western and Eastern States, as well as in Europe, that would like to remove to a healthy climate, and to them we say, come to the good old State of North Carolina.

I have lived here four years, and find there is no healthier place in the United States. We are situated in the central part of the State, as well as of the Union, and in direct Railroad communication with Norfolk, Newbern, Wilmington and Charleston, the principal shipping points of the South, and are able to raise all the cereals and grasses that grow in the North and Europe, and all the agricultural products of the South. Our climate is very mild, the mercury seldom rising to 85 degrees in summer or falling to zero in winter.

Fevers and chills are unknown, in fact, it is said that the people have to remove to another State to die. Raleigh is the Capital of the State, Wake county, which is one of the best counties, and is superior to all others for Church, School and Railroad facilities.

Chatham county adjoining has abundance of the best of coal and is declared by experts to be superior to any in the United States for gas or fuel; the Chatham and Coalfield Railroad is now complete to within four miles of the mine, and will be running by January 1st, 1870 which will enable us to procure our coal at less than New York prices.

The Western part of the State is finely adapted to grazing, and the middle and eastern to cotton and all kinds of grain, fruits, &c. Land can be purchased on very reasonable terms, half the price it will be bought for one year hence; the unsettled condition of society following the war, and the injuries it wrought to our social condition are fast passing away, and people are just as safe here as in any of the Northern States. I am no land agent, but write this to encourage immigration South, and to better the condition of hundreds trying to make both ends meet in snow and ice North.

Very respectfully,
T. F. LEE,
Sheriff of Wake Co., N. C.,
(formerly of Boston, Mass.)

We clip the following from the Wilmington *Journal*:

The intensely loyal and perfectly reconstructed State of North Carolina, says the Augusta *Chronicle*, is apparently too hot to hold either white people or negroes.—During the past few days several hundred white persons from that State have passed through this city on their way to the South-western country. On Thursday night the Charlotte, Columbia and Augusta Railroad brought in a large number of emigrants, both white and colored. At the Union Depot they were transferred to the Georgia Railroad, and there were found to be two hundred and fifty in all, including men, women and children, about half of whom were colored. Their arrival was unexpected, and a scene of ludicrous confusion ensued during the transfer. Immense piles of baggage had to be checked, extra cars to be provided, etc. An amusing incident occurred whilst the baggage master was going through with the checking process. In a great hurry, of course, he was busily engaged in his work, when he came to a bag which he thought contained the personal effects of some of the emigrants. But when about stooping over to affix a check, to his surprise and dismay, one end of the bag flew up, striking him a pretty smart blow in the breast, which, coupled with his astonishment, came very near upsetting him. After rallying he examined the mysterious bag and found it to contain a healthy negro child two or three years old, which had been thus deposited by his parents to keep him out of mischief. The departure of the train was delayed over an hour, but finally it got off all right. Some of the emigrants were going to Indiana, some to Alabama, and some to Arkansas.

ABOLITION OF THE FRANKING PRIVILEGE.—The bill recently introduced in the House of Representatives by Mr. Farnsworth in relation to franking, abolishes all franks after July 1, 1870, and appropriates money for purchase of postage stamps, requiring all officers who are allowed money to keep an account of its use, and report to Congress annually. The amount for Senators and members is left blank, to be filled up by Congress. Appropriations for the President and the Departments are as follows:

Secretary of Senate, &c.,	$10,000
Clerk of House,	10,000
President, for Executive Mansion,	10,000
State Department,	100 000
Treasury Department,	250 000
War Department,	200 000
Navy Department,	100,000
Postoffice,	250,000
Attorney General's Office,	10,000
Interior Department,	250,000

The Postmaster General is to furnish postage stamps and envelopes, to be used exclusively for official business, with water marks to prevent counterfeiting, and the bill provides penalties for their improper use.—*Washington Republican.*

LETTER IMAGINED TO HAVE BEEN WRITTEN BY GEN. LITTLEFIELD, IN ANSWER TO THE SUPPOSITITIOUS LETTER OF GOV. HOLDEN TO HIM, PUBLISHED A FEW DAYS SINCE.

ON THE WING, Dec. 20 h 1869.

MY DEAR GOVERNOR;—I feel and acknowledge myself deeply indebted to you for your kind letter and the information it brought me—addressed to me at Montgomery Ala., and forwarded to me according to directions left with the Post Master.

Your letter was a great surprise to me, as I thought no man in North Carolina knew of my whereabouts, except my trusty friend Pike. I had supposed that every man, woman and child in "Old Short Grass" thought me in Florida, and that is what I intended they should think.

I could not stay long in Florida—hardly long enough to exchange civilities with our dear friend, Governor Reed—that most civil and obliging of all good fellows, who called together the Legislature for us, in extra session, and aided us in getting through our Railroad bills (Index), but for him we should not have succeeded in our Railroad purchase there, by which we anticipate such splendid pecuniary results.—In regard to State bonds, also, he is all my heart could desire. With the exception of your Excellency, I don't know any Chief Executive who has dealt so liberally in the matter of State bonds, or who has been so quiet while we operated.

I would gladly have remained longer in Florida, but for that curse of all free Governments, Grand Jurors. They are constantly making mischief and interfering in other people's business. I had to leave on account of this old Common Law curse, who are recognized as public informers.

If Judge Watts had been there to adjourn the Court upon any intermeddling presentiment against me, I would have braved it out in spite of Grand Jurors, but, as it was, I thought it best not to remain, and so sought safety in flight, as I did on that memorable Friday night from Raleigh; and come on to Montgomery, the original secession capital, and from there to my present resting place.

There is very little prospect in Alabama for heavy operations, such as we have carried on at home and in Florida; in fact the field there had been pretty well gleaned before my going. Another thing: the Alabamians are not so credulous as the Floridians and the sharp North Carolinians. I don't think it would pay to try our Railroad and State bond game on where the first secesh Congress convened.

I am glad that your boys, Joe, Lewis and Calvin are getting on so well. You have done a great deal for them—some think too much, and that they ought to be left to "root hog or die."

I hope Joe has found Settle's churn, the loss of which was giving that rascal, Turner, so much uneasiness when I left. By the way, the Judge seems to be unlucky with his bridge as well as his churn.

Give my love to Ashley, Menninger, Tom Lee, Rev. Whitson, and Pike's new assistant editor, and believe me,

Your Excellency's devoted friend,
and humble servant,
MILTON S.

SHERIDAN.

How thieves and murderers are dealt at the terminus of the Kansas Pacific Railroad.

[Correspondence of the N. Y. Tribune.]

Back of the town is a small graveyard, where they have been buried, and only a few days before I arrived one of them was hanged to the trestlework a little out of town. For some time past the engineer has been in the habit of moving the morning train slowly over this spot, in order that the passengers might have a chance to see if any one was hanged by the neck.—It is related that when one of these fellows was hanged he swore furiously at his executors, and demanded that they should take off his boots. Among the aggressive acts of these men it is related that at a hotel one asked a gentleman sitting opposite for the butter, and as he was not heard, he presented a small pocket pistol at the head of the gentleman, and, with his finger on the trigger, said: "Pass the butter." At present these fellows are in subjection, and property and life are as safe as elsewhere; but should they even threaten to be revenged, or to do any unlawful act, they will be dealt with in the most summary manner. The process of lynch law is as follows: One of these villians is awakened in the middle of the night by a company of armed and masked men standing around his bed. He is told to dress himself quickly, and to make no noise, and to offer no resistance, or he will die on the spot. In trembling haste he obeys, generally he mutters and swears a little, and being ready they leave the house quietly and proceed to some retired spot, where a trial may or may not be held, when sentence is pronounced, and he is forthwith hanged.—Sometimes he is permitted to live on condition that he will leave the place and confess who are his companions and what are their designs.

THE WINNIPEG RED RIVER WAR.—A special dispatch from St. Paul, Minnesota, says a letter from a prominent Canadian at Pembina, has been received, in which the writer states that Gov. McDougall has not called on Canada for troops, but relies on the loyal people of the country to quell the outbreak, and thinks they will do it without bloodshed. The Governor, it is said, will enlist the Indians of the savage tribes to enforce his authority. The force which occupied the stone fort is rapidly increasing by accessions of loyal people of all classes, and large bands of Indians are ready to assist in defense of the flag. The insurgents under Stutzman have gone towards Pembina. Ruell hold Fort Lowry with about forty men. Donald Smith left St. Cloud for Fort Garry yesterday.

Another letter says: "A proclamation of McDougall has been captured and suppressed." General Riel has called in his reserves, who were temporarily absent. Over 2,000 men reported at headquarters within a few hours. A collision is hourly expected.

THE DEADLY 69.—While the year now drawing to a close has not been as remarkable for its illustrious dead as 1859, still its funeral roll is a long and distinguished one. In the Old World, those who have died are Leopold, Duke of Brabant, heir apparent of the Belgium crown; Field Marshal Sir Hugh Gough, one of England's bravest soldiers; M Labode, the Oriental explorer; the Rev. Alexander Dyce and Peter Cunningham, both prominent in literature; Baron Broughton, better known as Jno. Cam Hobhouse, the friend of Byron; G o. Peabody; Baron Stanley, of Alderley; William Jordan, the dramatic critic; Prince Menschikoff, the Russian diplomatist; Lady Duff Gordon and the Hon. Emily Eden, both well known in literature; Marshal Niel, one of Napoleon's most trusty military advisers; S. Beuve, the critic and the Bishop of Salisbur, and Exeter. In our own country the mortality among public men has been very great. Ex Presidents Pierce; Senators, or ex Senators, Fessenden, Bell, Walker, Pratt, and Fitzpatrick; Secretary Rawlins, Amos Kendall; General Wool; Admiral Stuart.

EFFECT OF SENSATIONAL LITERATURE ON THE YOUNG.

It is said that a gang of boys in London, aged from fourteen to eighteen, had their imagination so wrought upon by the cheap sensational novels of the day that they established a "robbers' cave" in a disused railway arch at Dalston, where they were accustomed to have feasts of stolen game and poultry. Some of their exploits are thus related:

One of them had presented a pistol at a servant girl who found him in her master's garden, whither he had gone to obtain water for the others. A day or two afterwards others of the gang, who had escaped on the first foray of the police, were captured and brought before the magistrate. One of them, who, in thieves' slang, "sounded" on his companions, gave a comical description of the cooking of a "pheasant" stolen from a poulterer. After some discussion in the cave, it was arranged that the "pheasant" should be cooked before being drawn, "cos we was all on us in such a 'urry." They were evidently smitten with the desire of realizing those exciting scenes of robber life of which they had read so many pictures.

Boys are very impressible and sensational. They revolve in their minds thousands of wild schemes and projects that their parents never know of, and it is fortunate that their love of novelty is such as to cause them to tire of what lingers for a few hours, unexecuted, in their minds, or some very startling things would be done by them.

A recent article in *Harper's Magazine* tells a story of the startling effect produced by the crusading mania in the middle ages upon the young people. It states that a band of fifty thousand children from Germany and France set out in 1212 to redeem the Holy Sepulchre. The story is as follows:

A peasant child of Vendome first assumed the cross in France, and soon an increasing throng of boys and girls gathered around him as he passed from Paris to the south, and with a touching simplicity declared that they meant to go to Jerusalem to deliver the sepulchre of the Saviour.—Their parents and relations in vain endeavored to dissuade them; they escaped from their homes; they wandered away without money or means of subsistence, and they believed that a miracle would dry up the Mediterranean sea and enable them to pass safely to the shores of Syria. At length a body of seven thousand of the French children reached Marseilles, and here they met with a strange and unlooked for doom. At Marseilles were slave traders, who were accustomed to purchase or steal children in order to sell them to the Saracens. Two of these monsters, Ferrers and Porcus, engaged to take the young crusaders to the Holy Land without charge, and they set sail in seven ships for the East. Two of the vessels were sunk on the passage with all their passengers; the others arrived safely, and the unhappy children were sold by their betrayers in the slave markets of Alexandria or Cairo. Of her large bodies of children came from Germany across the Alps. Many perished from hunger, heat, disease; a few were enabled to die on the sacred soil of Syria, and it is estimated that fifty thousand of the flower of European youth were lost in this most remarkable of the Crusades.

A GEORGIA SENATOR INSULTED.

Passing along the corridor of the Senate gallery the other day, I was attracted by a slight verbal altercation that seemed to have arisen between a stout, swarthy darkey and one of the doorkeepers. The former desired to enter the gallery, but the latter had checked his progress with a hint that colored men must go a little further to the left.

"Why so?" inquired the gentleman from Africa.

"Because the Sergeant-at-Arms gives the order," was the door-keeper's reply.

The colored person now began to assume a tone of haughty indignation, so straightening himself up, and pulling the wrinkles out of his gorgeous vest, with a slight jerk of the lower end of that article, he inquired of the door-keeper knew whom he was talking to. This with genuine Congo accent, which I can not well translate.

"No, sir, I don't know; and I don't care. I must obey orders. Colored people are to be put all together in that part of the gallery" pointing to the seats reserved for the purpose.

"Well, sah, I'se from Georgy—a member of de Legislature ob dat State; an if I had my rights, I'de be on de flo' ob dis Senate."

And then the sable individual related his disappointed aspirations, and told in a strain of haughty anger how he had been cheated out of the United States Senatorship by the "rebels and copperheads" after it had been agreed to elect him. He was deeply moved by the recital of his own wrongs; but was glad to hear that under the President's recommendation the old Legislature, of which he was a member, was to be recalled; and he still had hopes. I pity that poor door-keeper if he ever should be elected. This is a strange story and a true one—and not half as strange as hundreds that might be told had I the gift of omnipresence to pick them up. Verily, old things are passing away, and a new world beginning.

A SUCCESSFUL CIRCUS PROPRIETOR.—S. B. Howes, formerly proprietor of Howes & Cushing's American circus, which he transported from America to England in 1857, and met with such great success at the Alhambra Palace, London, under the patronage of the Queen, and who was fortunate enough about that time to invest the proceeds of his English speculation in Chicago real estate, is now supposed to be the wealthiest individual ever engaged in the equestrian profession. The value of his property at the present time is said to be upwards of a million dollars. He is now residing at Upper Norwood, near London.—*Anglo American Times.*

MR. PALMER and pupils left the city yesterday morning on their return to Raleigh. At the exhibition one could not fail to be struck with the superior musical talent and skill of Mr. Simpson and Miss Dupree, the blind instructor and instructress. The performances of Mr. Simpson upon the piano and the singing of Miss Dupree were special objects of admiration. The power of communication by signs possessed and evidenced by Mr. Tilinghast, the deaf mute instructor, show how well he is fitted for the position. We cannot refrain from again expressing the gratitude of our citizens for the pleasure afforded them by Mr. Palmer and pupils.

The collection taken up during the exhibition amounted to about $80 sufficient to cover expenses and afford a handsome little amount besides for the Christmas festivities of the pupils.—*Wil. Journal.*

THE FRANKING PRIVILEGE.—In order to show what the franking privilege costs the country, Postmaster General Creswell has ordered that all free matter leaving Washington for the next six months be weighed. The Secretary of the Interior has requested the heads of bureaus in his department to furnish an estimate of the amount of funds required to pay the postage upon communications and documents sent through the mails in the transaction of official business, should the franking privilege be abolished.

A DUEL AT AQUIA CREEK—ONE OF THE PARTIES MORTALLY WOUNDED.

The New York *Sun* says that one night last week a party of genial gentlemen were taking supper in one of Delmonico's gilded saloons, in New York city. Two of the number, no other than the well known politician Col. McNamara and Mr. Varnum a broker, engaged in an angry and exciting discussion concerning a lady. During the *melee*, Mr. Varnum, exasperated beyond the bounds of patient endurance, emptied the contents of his wine glass in the face of Col. McNamara. The latter smarting under this insult, sprang to his feet, made a rush for Mr. Varnum, upsetting a table in his efforts to strike him, and was only prevented from accomplishing his object by the timely interference of mutual friends present.

But the ire of Mars was not to be so easily baffled. He immediately departed. Before doing so, however, he informed Varnum that he would shortly hear from him, and he was as good as his word. The next day Mr. Varnum was the recipient of a challenge to fight a duel, which he readily accepted. The preliminaries were speedily arranged, and both parties, accompanied by their seconds, took the Washington train last Saturday night, en route for the battle ground. After spending a few hours in the national capital, the party embarked on board the boat for Aquia creek. They reached their destination about midnight. The interval before daylight was spent in a tavern. With the first dawn of day they started for the ground—a secluded spot in the woods, on a hill in the outskirts of the town, overlooking the Potomac. The morning was cool, windy and cloudy.—Reaching the ground, a few minutes were consumed by the seconds in consultation.

Everything was then speedily got ready, and the principals took their positions at twenty paces from each other. The word "fire" was given, both pistols were discharge at once, and Varnum fell, wounded (and it is feared mortally) in the femoral artery. Colonel McNamara escaped unhurt, the ball having only grazed his shoulder. The surgeon in attendance examined Mr. Varnum's wound, and pronounced it mortal. Colonel McNamara and his friends hurried from the ground, and drove back to Washington in a private conveyance.—Mr. Varnum's condition was such as to preclude the possibility of his immediate departure, he was carried by his friends to a neighboring house in a fainting condition. He remained there a day or two, and has since, it is said, been taken to New York. It is feared that he will die.

The woman who is the cause of this trouble has not given herself the slightest concern about the fate of her two lovers.—When informed that they had gone to fight a duel, she shrugged to a friend, with the characteristic indifference of her class, that "she did not care if they shot each other dead." The whole affair has been kept a profound secret, owing to the possibility of Varnum's death.

A GRACEFUL COMPLIMENT TO A WIFE.—The following neat and beautiful reply was made by the late Daniel O'Connell in response to a toast given in compliment to his wife, who was the object of his long and affectionate attachment. It was given at a political meeting. The English language could furnish nothing more touchingly tender and graceful:

There are some topics of so sacred and sweet a nature that they may be comprehended by those who are happy, but they cannot possibly be described by any human being. All that I shall do is to thank you in the name of her who was the disinterested choice of my early youth; who was the ever cheerful companion of my manly years, and who is the sweetest solace of that "sere and yellow leaf" age to which I have arrived. In her name I thank you, and this you may readily believe, for experience, I think, will show to us all that man cannot battle and struggle with malignant enemies unless his rear at home is warm and comfortable—unless the honey of human life is commenced by a hand that he loves.

Schurman, formerly a negro messenger of the Treasury Department in Washington, and the party accused of purloining unsigned bills, giving them to Marian Harris and Turner, Grant's postmaster, has been acquitted. He was tried once before and convicted, but owing to an informality in the indictment, there was an arrest of judgment, with the result above stated.

A NEW DISCOVERY!!

PHALON'S

"VITALIA;"

OR,

Salvation for the Hair.

CLEAR AS WATER!
WITHOUT SEDIMENT!!
OPEN TO THE LIGHT!!!

For Restoring to Gray Hair its Original Color.

PHALON'S "VITALIA" differs utterly from all the hair coloring preparations heretofore used. It is limpid, sweet smelling, precipitates no muddy or slimy matter, requires no shaking, imparts no stain to the skin. Hold it to the light and it is clear and cloudless. It leaves no mark on the scalp; yet it reproduces in gray hair the natural color that time or sickness may have bleached out of it.

☞ Phalon's Vitalia ☜

is for one sole purpose, that of reproducing, with absolute certainty, the natural color of the hair. It is not intended as a daily dressing, nor for removing scurf or dandruff; nor for curing baldness; nor for stimulating the growth of the hair.—These objects may be accomplished after the color has been fixed with the Vitalia, by Phalon's Chemical Hair Invigorator.

The Vitalia is a harmless and unequaled preparation for the reproduction of the original hue of gray hair, and nothing else. This is accomplished in from two to ten applications, according to the depth of shade required. Sold by all druggists.

UPWARD AND ONWARD!!

WHY IS IT BEST TO INSURE IN THE

BROOKLYN LIFE?

BECAUSE,

AMONG OTHER REASONS, IT IS THE ONLY COMPANY IN THE UNITED STATES WHICH PRESENTS THE GREAT FEATURE OF GUARANTEEING DEFINITE

CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

ALL POLICIES

Are non-forfeitable after two full Annual Premiums have been paid.

The policy-holders of this Company may travel, or reside where they choose—anywhere on the Globe.

The BROOKLYN LIFE has paid, and now pays to its policy-holders, LARGER DIVIDENDS than ever before paid by a Life Insurance Company.

DIVIDENDS ARE PAID IN CASH,

or applied to the permanent increase of the policy, or left with the Company to accumulate at interest, in either way, at the option of the policy-holder.

THE SENTINEL.

CITY AND STATE ITEMS.

SATURDAY, DECEMBER 25, 1869.

☞ THEO. N. RAMSAY, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

THE NEW ORGAN.—The new Hendlett combination organ, awarded to the M. E. Church, by the Messrs. Tremaine Brothers, at their Concert on Tuesday night last, has been taken to its place in the Church, and will be used in the services to-morrow.

LADIES FEAST.—The festival given by the Associate Lady members of the Friends of Temperance, last night, at their Hall, was a delightfully pleasant occasion to all present. We are an ardent admirer of the Ladies, but our admiration is increased to the superlative degree for those who engage in the glorious work of doing good to their race, and especially for those who have such captivating ways of accomplishing that object. May these ladies all have sober, industrious, kind husbands, who will give them a liberal supply of pin money, and never kick up a hindy if a button happens to be off their shirt bosoms.

U. S. CIRCUIT COURT—*Friday Dec. 24.*—This Court met as usual to-day, but there was nothing of importance to report.—The Equity docket occupied the attention of the Court. There was but little argument in any of the cases on this docket, the whole day being consumed in making entries on the docket, filing papers, &c. At a late hour the Court adjourned *sine die*, after a session or two of four weeks.

ADVICE.—We, without being free from reproach ourselves, take the liberty of impressing upon the minds of our young gentlemen readers, the propriety of keeping perfectly sober during the holidays. Heaven forbid that we should be so understood as to say aught against the indulgence of the good things of life, but what we mean is, that every man should know his guage and abide by his holding capacity.

HE THAT GIVETH TO THE POOR, LENDETH TO THE LORD.—While we are all feasting upon the good things usual to this holiday and giving full sway to mirth and enjoyment, let us pause and remember that many of our fellow creatures around us lack for the necessities of life. There are those who have no kind friends to greet them with a smile or to cheer their desolate lives with a word of encouragement, and who in the midst of this season of festivities are pinched with cold and hunger.

Let us, then, whom a kind providence has blessed with so many of the good things of this life, contribute to the wants and comforts of those who are not so well off.

"Cast thy bread upon the waters and thou shalt find it after many days."

CHILD BURNED.—We learn that a colored child, seven years old, son of Wm. Jeffreys, in the southern part of the city, had its clothes to take fire, yesterday morning, while its parents were absent from the house, and was so badly burned that it died in a few hours. There was no one in the house at the time of the accident, but children.

SOMETHING ELSE NEW.—Any one walking up Fayetteville Street after nightfall cannot fail of having his attention arrested, just above Hargett, East side, by two splendid colored octagon lamps, of large size, and a little ahead of anything in the lamp line, ever exhibited in this city. There are one on each side of the entrance to Pepper and O'Connor's Restaurant, where everything good to eat may be had on short notice. Tell 'em all with what truth we are unable to determine, that there are feathers enough in the rack and there for two good sized feather beds stripped from birds they have cooked for customers this season.

We learn from the Charlotte *Times* that on Tuesday last in that city, at between one and two o'clock, a burglar entered the store of E. Lowengard, through the window above the door and abstracted twenty-one watches from the showcase. One of the salesmen sleeping in the rear of the store, heard the noise, but before he could get to the front, the thief had made his escape.

R. G. Ivey will very soon open a Grocery Store on the premises of W. G. Riddick about 8 miles Northeast of this city.

The business will be conducted by W. G. Riddick, as agent.

Persons can be supplied with everything in the grocery and provision line upon the most reasonable terms.

JUST OUT.—*Cherry Pectoral Troches*, superior to all others, for Colds, Coughs, Sore Throats, Bronchitis and Horseness. None so pleasant, none cure so quick.

Manufactured by
RUSHTON & CO.,
Astor House New York.

This old established firm, whose preparations have acquired a world wide reputation for excellence, now offer this article. No More of those horrible tastes, nauseating, "Brown Cuban trochs."

PAID BY THE ÆTNA LIFE INSURANCE CO., through the hands of W. H. Crow, General Agent, for the State of N. C., and south of the James Two policies upon the life of J. A. Moore, of Raleigh, No. 17,296, $10,000; No. 19,918, $5,000. This is but another illustration added to the many already made known to the public, of what this old and reliable Company is doing in our State.

The following note is appended by permission:

MR. CROW:—Please accept my thanks for your untiring energy and perseverance in procuring for myself and child, the amount due us, from your Company, also my appreciations of your promptness and kindness in our behalf.

Very Respectfully,
MRS. JAMES A. MOORE.

Raleigh, Dec. 14th 1869.

CHRISTMAS.

"Christmas comes but once a year," and when it does come about one half the population are glad to see it, and the other half are sorry. But everybody expects to take a little relaxation when it does come, and enjoy themselves in some way or other. In this respect printers and editors are like human beings. Custom has encouraged them to look for a short cessation of their treadmill routine of labor for a few days on this anniversary, and we think it but just and reasonable they should have it. Therefore, there will be no paper issued from this office from and after to-day, until Wednesday morning next.

Right here we want to make an observation—it is right we should make it—and we intend to do it; it is this: The printers connected with the SENTINEL office deserve relaxation. No office, in or out of the State, has been a corps of more gentlemanly, sober, reliable printers than those connected with this establishment, and we take pleasure in recording their praise. We wish them, as we hope to enjoy ourselves, a pleasant time, during the interval proposed for relaxation from their arduous, unremitting and frequently unappreciated labors.

RUNAWAY.—The horses attached to the dray of Messrs. Upchurch & Dodd, took fright yesterday morning, and came down Fayetteville street full tilt. Fortunately they were stopped before any damage was done.

We suppose the horses had Christmas in their bones, and not being able to restrain the exuberance natural to animal life upon this festive occasion, concluded to go on a bender.

NOTICE.—A public meeting of the citizens of Warren county, irrespective of party, is called at the Court House in Warrenton on Thursday, 30th inst., to take into consideration the question of State taxes and other matters appertaining to the State's finances. The presence of every person is desired who disapproves of the reckless expenditure of the people's money since the present Legislature came into power; and of the infamous illegal and unconstitutional assumption of that sapient body to hold over for two years longer than the period for which they were elected.

CITIZEN.

A NEW INVENTION.—A new apparatus for saving the shipwrecked has been invented in Germany. The *North German Correspondent* describes it:

"For the first experiments a one pound gun was used, which a single man was able to move and direct. The projectile weighs about twenty pounds, and by means of it a line may be thrown one thousand feet. A light four pounder gun will cast the line about two thousand feet, and a six-pounder from two thousand five hundred to three thousand feet. Two kinds of projectiles are used; one for stations on the coast, by which a ship may be cast to ships in distress, while the other is intended for the vessels themselves. When it strikes it forms an anchor, so that a connection may be established with the land without any assistance from the shore. The apparatus is said to be much cheaper than the rockets now in use."

A NORTH CAROLINA INVENTION MAKING A NOISE AT THE NORTH.—Collector Pleasanton, of New York, has written a letter to the Commissioner of Internal Revenue at Washington, suggesting that the Engraving Machine invented by Guerrant & Fields of Leaksville, North Carolina, and now being manufactured at the Ames' Works, Chicopee, Mass., would be a very dangerous machine in improper hands and should be under the control of the Government. He recommends that such negotiations be entered into as will give the government the control and direction of so important an invention.

THE WINTER TOURISTS.—The winter exodus to Florida has already set in, and by the first of February Jacksonville, Pensacola and St. Augustine will be overflowing with guests to enjoy the delicious climate. A new element adds to the visitors. Land is to be had at prices fabulously low. Soil, adapted to the growth of oranges, can be had for a dollar an acre along the St. John's, and groves of trees, bearing this luscious fruit in wondrous profusion, can be had, it is said, for from ten to twenty dollars an acre.

THE TEXAS ELECTION RESULT.—*New Orleans*, D. c. 20.—The Houston Telegraph reports the returns from 119 counties.—Davis's majority is 620, with only 7 counties to hear from. In the Legislature the Senate has 13 republicans and 14 conservatives, with 3 counties to hear from. The House has 36 republicans and 45 conservatives, with 9 counties to hear from. General Reynolds has ordered an election in Navarro and Milan counties, which did not vote at the general election.

FRAUDS.—SIXTY PROMINENT BROOKLYN POLITICIANS INDICTED.—The grand jury, which during the past month has been engaged in taking testimony in the cases of persons charged with having committed frauds at the elections recently held in Brooklyn, N. Y., came into court on Saturday and returned indictments against sixty persons for violation of the election laws. Among the persons indicted are Wm. O. Brown, one of the fire commissioners, Justices Walsh and Brooklev. A large majority of those indicted are officeholders and politicians.—*New York Post.*

A TENNESSEE JUDGE TO BE IMPEACHED.—The course of Judge Trigg, United States district Judge in Tennessee, has been such, it is alleged, in all cases where the interests of government was concerned, that it has been decided to take measures to secure his impeachment by the House of Representatives. The case is now in process of preparation for submission. If the papers are presented they will of course go to the judiciary committee, as in the case of Judge Campbell, of Tennessee, impeached the first year of the war.

PAINFUL ACCIDENT.—While a little son of Mr. J. C. Mann, aged about three years, was playing on his bed at his father's residence in this city yesterday morning, by a sudden spring he struck his head on a window sill inflicting a severe gash in the forehead. At first it was thought that the child's skull was fractured, but fortunately this was not the case though the flesh was laid bare to the bone. The wound was dressed by surgical hands and the little sufferer made comparatively easy.—*Wil. Journal.*

VALUABLE PROPERTY FOR SALE.

WILL BE SOLD TO THE HIGHEST BIDder, on the 25th day of January 1870, at the Court House door in the Town of Louisburg, the valuable property known as the "Pierce Mills," with Eighty eight acres of land attached. This property is located in the Eastern part of Franklin county, near the "Portis Gold Mines" on "Sandy Creek"—A NEVER FAILING STREAM. The Mills are in excellent condition and has an extensive and profitable patronage. The situation is an excellent one for a Cotton Gin and a Store and with these added the property would prove a fortune to any energetic man in a few years. The Gin and store Houses could be put up at very little cost, as there is an excellent saw Mill attached to the other Mills with an abundance of timber on the land, belonging to the property. For further particulars apply to Mr H. M. Pierce, who resides at the Mill, who will take pleasure in showing the property. Terms made known on day of sale.

PROSPECTUS

OF THE

"PRIMITIVE BAPTIST."

WE PROPOSE TO RENEW THE PUBLIcation of the *"PRIMITIVE BAPTIST"* upon the following terms, commencing, if we shall receive sufficient encouragement, in the month of January, 1870:

The *"Primitive Baptist"* will be published semi-monthly on every Thursday before the second and fourth Sundays in each month; twenty-four numbers constituting a volume for One Dollar and Fifty Cents in greenbacks or One Dollar in gold payable, in all cases, in advance.

All moneys sent to us properly mailed, fire at our risk.

Any person furnishing us a club of five subscribers shall be entitled to six copies, and for two of more clubs, the same rates.

Those belonging to the old Baptist Church who desire the *Primitive* and feel unable to pay for it, by informing us of the fact, shall have the paper sent to them gratis.

All editors of newspapers in different States, who will give this Prospectus an insertion in their respective papers, will confer a favor upon us, and will receive our sincere thanks.

Persons who are willing to act as Agents for the paper, will please inform us.

We earnestly solicit contributions to the columns of the *Primitive Baptist* from the brethren and sisters who feel disposed to write.

To defend Gospel Truth, and the keeping separate Church and State in matters of religion, is our motto, but protect all.

The *Primitive Baptist* will be published in pamphlet form of 16 large pages of reading matter. We may reserve a few columns for a list of Agents, and for the insertion of interesting news, deaths and marriages.

Editors of religious papers are respectfully requested to publish this Prospectus as a favor.

Persons who wish to become subscribers, are requested to send their names without delay, but are requested not to send the money until they receive the first number.

All letters must be addressed particularly to

DR. LAWRENCE'S
Highly Concentrated Compound
FLUID EXTRACT OF
Koskoo!

THE GREAT HEALTH RESTORER!

NOT A SECRET QUACK MEDICINE—FORMULA AROUND THE BOTTLE.

Prepared Solely by
J. J. LAWRENCE, M. D.
ORGANIC CHEMIST,
NORFOLK, VIRGINIA.

☞ Beware of Counterfeits. See that Dr. J. J. Lawrence, Chemist, Norfolk, Va., and the word KOSKOO, is BLOWN ON THE GLASS of each bottle. ☜

Koskoo is endorsed by the best physicians everywhere. Read the following from Dr. Tillery, a successful practitioner of many years standing in the Old North State:

Rocky Mount, Edgecombe Co., Sept. 10, 1869.

DR. J. J. LAWRENCE—Dear Sir: I have used your Concentrated Fluid Extract of Koskoo in my practice with the happiest results. I find it to be a powerful Liver Invigorator Blood Purifier and Nervous Tonic. In all diseases of the Liver, Scrofulous Syphilitic, Nervous Affections, it is a remedy of immense value; in fact, in almost every variety of Chronic Disease its use is indicated. Hoping you may meet with the success which you deserve as a manufacturer of reliable medicines, I am sir, with much respect your obedient servant,
R. C. TILLERY, M. D.

From Dr. Pentress, an accomplished and experienced physician.

Princess Anne Court House, Va. Sept. 13, 1869.

J. J. LAWRENCE, M. D.—Dear Sir: I have carefully examined the formula, as well as the Therapeutic properties of your Koskoo compound, and have prescribed it in some stubborn cases of Chronic Liver Affections Dyspepsia, General Debility, &c., and always with the most gratifying results. I do it to be a splendid Tonic Alterative, and Hepatic combination, accomplishing its constitutional effects without the slightest debility; in fact it gives fine support to the General system while its alternative effects are being produced. I cheerfully recommend its use to the public. Yours, truly;
T. F. PENTRESS, M. D.

KOSKOO CURES SCROFULA IN ITS WORST FORMS.

From Mr. A. W. Mills, a prominent and well-known merchant of Norfolk, Va.:

No. 11, Main St., Norfolk, Va., Sept. 18, 1869.

DR. LAWRENCE—Dear Sir: Your Koskoo has worked wonders in my family. My daughter has been a sufferer from Scrofula since childhood. She lost thirty-one pieces of bone from her ankle, several from her arm, besides having ulcers in several parts of the body. Whilst in this condition she commenced taking your Koskoo—IT ACTED LIKE A CHARM ON HER—UNDER ITS USE THE ULCERS GRADUALLY HEALED, AND HER GENERAL HEALTH GREATLY IMPROVED. It certainly saved her much suffering, and perhaps her life. I regard Koskoo a SPECIFIC for all scrofulous affections. Your Koskoo also cured my wife of dyspepsia, from which she suffered greatly. SHE IS NOW IN BETTER HEALTH THAN SHE HAS BEEN IN FIVE YEARS.

With the highest regards, I am gratefully yours, &c.,
A. W. MILLS.

KOSKOO, THE GREAT INVIGORATOR.—Read the following from the Rev. Joseph E. Martin, pastor of Wesley Chapel, Portsmouth, Va.:

"This is to certify that myself and wife have used Dr. Lawrence's Koskoo, and can testify to its beneficial effects. Previous to taking it we were in a condition of debility—had no appetite, and suffered from sudden and often violent attacks of headache and nervousness. Two bottles of Koskoo has improved our general health, and we regard it as invaluable, and most cheerfully recommend it to all who have need of an invigorator. Yours, &c.,
JOSEPH E. MARTIN.

KOSKOO!
CURES CHRONIC RHEUMATISM.

Norfolk, Virginia, September 7, 1869.

DR. J. J. LAWRENCE—Dear Sir: My son has received so much benefit from your wonderful Koskoo that I cannot refrain from expressing my gratitude. I had tried almost everything without benefit. I believe, in all sincerity, that your Koskoo is AN INFALLIBLE REMEDY for the disease from which he has suffered, and, so far as I can learn, has never failed. If you only knew the immense amount of suffering that he has undergone, then you could conceive the value of such a remedy as Koskoo—THAT SURELY CURES. The great amount of good it is now doing among us is inestimable.

With much gratitude, I am respectfully yours, &c.,
MRS. M. E. A. NELSON.

Dr. Lawrence—Dear Sir: Having been treated by several skilful physicians for Dyspepsia, Chronic Disease of Kidneys, General Debility, &c., without benefit, as a last resort I commenced the use of your Koskoo, and am pleased to say that under its use my health has been entirely restored.

I am, sir, with much respect, your obedient servant,
C. B. MEARS.
No. 5 Market St., Norfolk, Va., July 6, 1869.

Pacific, Franklin Co., N. C., Sept. 11, 1869.

This is to certify that for a long time I suffered very much from inaction of the liver and constipation of the bowels and tried several remedies, all received no benefit until I commenced taking Koskoo. I took the medicine about one month, and I was completely cured and have remained well. I know of several cures made by Koskoo, and can cordially recommend it as a good medicine.
JOHN H. BAKER.

From Mr. Womble, a prominent hardware merchant of Norfolk:

No. 10 MARKET SQUARE,
Norfolk, Va., Oct. 23, 1869.

DR. LAWRENCE.—Dear Sir: To the large number of testimonials which you offer of the great efficacy of your Koskoo, I take pleasure in adding my own. I suffered greatly with nervous Debility, Headache, Loss of Appetite, &c. Two bottles of Koskoo RESTORED ME TO HEALTH.
Yours, truly,
J. G WOMBLE.

From Rev. W. H. Christian, Pastor Dinwiddie Street Methodist Church:

PORTSMOUTH, Va., October 23, 1869.

This is to certify that I know Dr. Lawrence well. He is a gentleman of cultivation, and worthy the fullest confidence. I have used his "Koskoo" with advantage to myself, and have adopted its use in my family in cases of nervous debility and depression.
W. H. CHRISTIAN.

These Books are Used by the Best Schools in the State.

Late Testimonials in Brief.

It affords me great pleasure to bestow on them my heartiest commendation. They are vastly superior to any other books of the kind I have yet seen.—W. H. WEATHERLY, Prin. Clas. and Math. School, Elizabeth City, Oct. 25, 1869.

Send me ten Davies' Intellectual Arithmetics for introduction. They are superior to any I have seen.—W. F. ENGLISH, Mount Olive, Oct. 20, 1869.

I intend using the same books in my school as those used in the Common Schools. * * I am already using Monteith's Geographies.—JOHN D. JOHNSON, Yadkinville, Sept. 28, 1869.

I am and have ever been an earnest advocate of uniformity in school books. The Board recommendations—Arithmetics and Geographies—are the best that could have been made.—H. H. SMITH, Lincolnton, Sept. 28th, 1869.

Because these books are adopted by the State Board, as well as for the merits of the books themselves, we wish to introduce them, and use them exclusively in our school.—Rev. S. C. ALEXANDER, Charlotte, Oct. 11, 1869.

Steele's "Nat. Philosophy" received. Am struck with its superiority to the other in many respects. As a class is waiting, substitute in my order Steele's Philosophy for first introduction.—D. W. JEWETT, Wilmington, Oct. 13, 1869.

Davies' Mathematics was adopted by me in 1856, and up to this time I have examined no work superior to them. I have examined McNally's Geography and Peck's Gaunt's Natural Philosophy. I consider them most excellent works and shall put them into my boys' hands at the earliest period.—J. E. DUGGAN, Prin. Male Academy Warrenton.

It is my purpose to introduce Monteith's (No. 4) into my school. I give it the preference for the information which it gives on the subject of Physical Geography. The maps and questions in both works (Monteith and McNally) seem to me to be admirable.—Rev. ALBERT SHEDDS D.D., Rector of St. Mary's, Raleigh.

The system of Geography—Monteith and McNally—I am well pleased with.—Rev. WM. S. LACY, Raleigh.

Davies' Arithmetics, Monteith's Geographies and the National Readers are too well known to require a word from me. Monteith and Davies are the best that I am acquainted with.—Prof. FRANK VAUGHAN, Elizabeth City, Oct. 11, 1869.

I have waited patiently for the adoption by the Board of Education of this State of the books to be used in the public schools, and am much pleased to find that so many have been selected from the National Series.—Rev. W. L. MULLER, Charlotte, Oct. 1, 1869.

Am much pleased with both the Spellers and all the readers; and as to the Series of Geographies, I have long used no others when these could be obtained.—Dr. WM. B. HARRELL, Prin. High School, Snow Hill.

The introduction of so much valuable matter on the subjects of Physical Geography and Geology, and in a form so simple and intelligible makes it, (Monteith's Intermediate Geography) in my judgment, a charming school book.—Col. WM BINGHAM, Prin. Bingham School.

I design introducing McNally's Geography and Davies' University Arithmetic.—Dr. CLOSE, Prin. Durham Academy.

Will introduce the University Arithmetic next term. An admirable work.—M. L. LITTLE, Prin. Pleasant Hill Seminary, Newton.

Monteith's Geographies are excellent works, and I shall introduce them into my school.—STRICKLAND IVEY, Prin. Auburn Academy.

The superior and durable style of binding of your works is a very great recommendation—one with which I have long been favorably impressed.—Prof. WM. A. OBENCHAIN, late Hillsboro' Military Academy.

I have introduced your National Series of Readers. We find them to be excellent, just suited to our purpose. With Davies' Mathematical series we have been long familiar, and can find no good reason for changing them. In the Primary Department we have Monteith's Geographies.—Rev. G. D. BERNHEIM, Prin. Female Seminary, Mount Pleasant.

The National Series of Readers and Spellers are the best with which I am acquainted. I shall henceforth use no others in my school. I use Davies. I consider his works incomparably superior in many respects. Monteith's Series afford a gradual but thorough and systematic progression.—Prof. Jos. H. FOX, President Stantonsburg Scientific High School.

I regard Monteith's Physical and Intermediate Geography as one of the best books of its kind. It has several points of superiority over most primary Geographies; Geography is here treated from the only true and rational standpoint, viz: of Geology and Physical Geography.—Prof. W. C. KERR, State Geologist of North Carolina.

Mr. Taylor Johnson, Olive's Chapel, has introduced the National Readers, Monteith's Geographies, Davies Arithmetics, Clark's Grammars, etc.; Mr. John Franks, Grove P. O., has introduced the National Series throughout; Mr. W. A. Branch, New Hill P. O., uses the National Series throughout; Mr Adolphus Rogers, Green Level P. O, uses the National Reader, Copy-Books, Monteith's Geographies, and Yora's Grammar; Mrs. Emma Bangham, Cary P. O., uses the National Series; Prof. H. O. Olive, New Hill P. O., introduced Monteith's Geographies. There are now at least 250 pupils in Wake and Chatham counties who are daily using the National Series of books, within my knowledge.—Prof. W. H MERRITT, Chatham county, Sept. 14, 1869.

I am glad to learn that some of your books are to be introduced into our State Schools.—Prof. J. M. M. CALDWELL, Greensboro' High School Oct. 23, 1869.

Distinguished Editors and Critics Praise Them.

The Series must prove acceptable. The structure of language is beautifully exhibited.—Fayetteville Presbyterian.

This firm will allow no competition in the price of books published by them which are among the best in the State.—Statesville American, 1866.

Have a reputation for merit unsurpassed.—Statesville American, 1869.

Peculiarly adapted to supply the wants we have long felt.—Greensboro' Patriot.

Have acknowledged superiority by the most competent judges.—Western Sentinel.

Davies is excellent in the first degree.—Wadesboro' Argus.

Are excelled by none of the many used, and they are superior to most of them.—Newbern Journal of Commerce.

When we examine the bright pages of the National Series, and think how we groped along the dry and uninteresting "task" of our boyhood, we are constrained to be envious of the happy pupils of the present.—Wilmington Post.

The National Series has attained probably a higher reputation than any other complete series of School Books now in existence.—Wilmington Herald.

"	22,304	15,00

And $5,000 ready to pay a loss of No. 34,161, so soon as the party authorized to receive the money appears.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$16,24
EQUITABLE,	17,44
NORTH AMERICA,	21,16
BROOKLYN,	21,09
UNIVERSAL,	27,34
JOHN HANCOCK,	18,27
THE NATIONAL,	63,46
THE ÆTNA,	13,41

It has an IMPORTANT NEW FEATURE, that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It issued more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the Insurance Times, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 599 policies, received an income of seventy-eight thousand dollars, and possessed net assets amounting up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,837 new policies, more than any other Company, except the Mutual Life; received an income exceeding six million dollars, and had amassed solid, securely and profitably invested net assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
